

Root

Grown up near Xi'an, the historical capital of China, and the home of the Terracotta Army of Emperor Qin Shi Huang

Education

Studied in Tsinghua University and IHEP (1 year in BNL)
PhD in accelerator physics, 2015

Zhe Duan

Work

High Energy Photon Source

6 GeV, 1360 m, 34 pm

- Since 2015, Accelerator Physicist @ IHEP
- Beam dynamics for HEPS (injection scheme, instability, etc)
- HEPS is expected to enter the exciting construction phase late this year!
